Security Measures

Here is where you set up your KYC and other security measures.

Click on the Person, Click Security and complete the following steps.

The screenshot displays the LBank trading platform interface. At the top, navigation tabs include Trade, Derivatives, Earn, Bonus Center (marked NEW), Wallet, Orders, and a user profile icon. The user profile dropdown menu is open, showing the email address ms****@yahoo.com and Dominion@ButGod.com. The Security option is highlighted with a yellow arrow. Other menu items include LBK Membership, Referral, My API, My Message, Address Management, and Log Out. The main content area features the text "The World Class Digital Asset Exchange" and "Secure | Innovative | Trustworthy" with a "Start trading" button. Below this, there are three trading cards for STKK (Streakk), G (GRN), and TGK (TGK GOLD), each listing deposit, trading, and withdrawal open times. At the bottom, a trading interface shows "USDT" selected, a "Please enter buying quantity" input field, a "USD" dropdown, and a "Buy now" button.

Text and Email Codes will be needed to confirm some measures

The image shows two panels from a user interface. The left panel is a profile card for 'ms***@yahoo.com' with a 'Security Level' indicator set to 'Low' and a 'Bind 2FA' button. The right panel shows a '24h Withdrawal Limit' of 3.5000 BTC/3.5 BTC and another 'Bind 2FA' button. Below these is a 'Security Setting' table with the following rows:

Setting	Description	Action
Login Password	This password is used for your login check	Edit
Verify Email	Your email is: Dominion@ButGod.com	
Phone Number	Your phone number is: 800***4567	Edit
Two-factor Authentication	For the safety of your account, please go to two-factor authentication binding	Learn more Add

Anti-phishing Code	The email sent by LBank will contain the anti-phishing code you set to prevent phishing attempts	Setting

The image shows a verification page for the user 'Dominion@ButGod.com'. It prompts the user to 'Input your new phone number' with a dropdown for the country code '+1' and a text input field containing '8001234567'. Below this, there are two SMS code input fields, both containing '123456'. The first field has a 'Send' button, and the second field has a '3s' timer. At the bottom, there is a large 'Confirm' button.

Funding your account

The screenshot shows the LBANK website interface. At the top, there is a navigation bar with the LBANK logo and several menu items: Buy Crypto, Markets, Trade, Derivatives, Earn, and Bonus Center (marked as NEW). On the right side of the navigation bar, there are links for Wallet, Orders, and a user profile icon. A dropdown menu is open under the 'Buy Crypto' button, listing four funding methods: Credit/Debit Card (Mercury, Banxa, Simplex, XanPool and more), P2P (Bank transfer and more), Fast Trade (Bankcard and other payment), and Bank Transfer (Efficient transaction). Below the navigation bar, the main content area features the text 'Class Digital Asset Exchange' and 'Start trading' button. There are also four promotional cards for upcoming listings: FORT (Fortal), STKK (Streakkk), G (GRN), and TGK (TGK GOLD). Each card includes the asset name, listing status, and trading/withdrawal dates. At the bottom of the page, there is a trading interface with a 'Buy now' button and a 'More Mining' link.

You may fund your account using these 4 methods

Credit Card Method

The minimum amount to purchase is \$100 (maximum is \$15,000.00)

After you enter the amount in “I Want to Spend” the Payment Method drop box will list the options you have to pay. Then select the Payment Channel you’d like to use.

Each Payment Channel charges a fee to use their services, pay attention to the fees/price listed next to the channel. It will display the balance that will be deposited into your USDT account minus deductions.

Click “Place Order”.

The screenshot shows the LBANK trading interface. At the top, there is a navigation bar with the LBANK logo and various menu items: Buy Crypto, Markets, Trade, Derivatives, Earn, Bonus Center, Wallet, Orders, and user profile. Below this is a secondary navigation bar with options: Credit/Debit Card, P2P, and Fast Trade. The main content area is titled "Choose Payment Channel" and features a table with columns: Merchants, Price, Estimated Amount, and Payment. A "Payment Method" dropdown menu is open, showing options: ALL, GOOGLE PAY, APPLE PAY, VISA, MASTERCARD, BANK TRANSFER, and MAESTRO CARD. The table lists three merchants: Mercuryo (Price: 1.00 USD, Estimated Amount: 95.188838 USDT), Moonpay (Price: 1 USD, Estimated Amount: 95 USDT), and Transak (Price: 1.005025 USD, Estimated Amount: 94.53 USDT). Each merchant row has a "Place Order" button. The interface also includes a "Direction" section with "Buy" and "Sell" buttons, and "I Want to Buy" and "I Want to Spend" dropdowns.

Merchants	Price	Estimated Amount	Payment
Mercuryo	1.00 USD	95.188838 USDT	VISA
Moonpay	1 USD	95 USDT	VISA, MASTERCARD, APPLE PAY, GOOGLE PAY
Transak	1.005025 USD	94.53 USDT	GOOGLE PAY, APPLE PAY

After clicking “Place Order” your USDT wallet address will be generated.

Click “Confirm” and you will be redirected to the payment channel website to complete transaction.

Placing your order

Under “Order Book” Click the available coins to purchase.

The order bar will generate the order. Be sure to enter the amount you want to purchase.

The screenshot displays the LBANK trading interface for the NDCC/USDT pair. The top navigation bar includes 'Buy Crypto', 'Markets', 'Trade', 'Derivatives', 'Earn', and 'Bonus Center'. The main area is divided into several sections:

- Order Book:** A table showing the current market orders. The top row shows a bid at 16.5000 for 5.8 NDCC. The ask side shows a sell order at 16.5000 for 457.22 NDCC.
- Price Chart:** A candlestick chart for the 1D timeframe. The current price is 16.5000, highlighted in red. Technical indicators like MA(5), MA(10), MA(30), and MA(60) are shown as horizontal lines.
- Order Entry Form:** A 'Limit' order form is active. The 'Buying price' is set to 16.5000 USD and the 'Buying amount' is 5.8 NDCC. The 'Selling price' and 'Selling amount' are also visible, set to 16.5000 USD and 457.22 NDCC respectively. The total cost for the buy order is 95.7000 USD.
- Recent Trades:** A list of recent transactions, including LUNCH, HOP, SHIT, BRT, USDD, TINC, GST2, BREED, TAKI, PRIMATE, HAWK, MOONEY, CHURCH, INDI, COW, GST1, KOO, BOBA1, WIRTUAL, RND, GMM, and BRWL.

If you want to purchase more than what is available in the “Amount”. You will have to process multiple transactions to purchase more coins. Example: there are 457.22 coins available for \$16.50, but you want to purchase 500 coins. You would have to purchase the first order at \$16.50 and then the remaining 42.78 coins at \$17.20.
